7TH EDITION OF WORLD CLIMATE SUMMIT TO BE HELD ALONGSIDE COP22 AT MARRAKECH, MOROCCO

09.14.2016, Copenhagen – Mark your calendars for a brand new edition of the World Climate Summit to be held at Es Saadi Palace, Marrakech, Morocco on Sunday, 13th November 2016.

Organised in partnership with the host of COP22, the Government of Morocco and Reed Expo, a global leader in event organisation, World Climate Summit 2016 will continue its legacy of being the premier business platform at the COP.

Where CEOs and Governments Meet
WCS 2016 will gather the absolute top 500+ leaders from business, finance, government and civil society to discuss, recommend and partner on long-term low carbon strategies, public-private partnerships, scaling up the green economy and much more.

Get Involved
Participate in World Climate Summit 2016 and prospect your ideas for a low-carbon world through speaking and networking opportunities.

We invite companies to become a sponsor and:

- Mobilise and attract the most impactful deals and projects.
- Catalyse and encourage cross-sector collaborations and partnerships.
- Showcase and communicate solutions to business, finance and government leaders.

“The summit will be a key building block in supporting COP22 as ‘The COP of Action’. It will link policy, innovation and action across the various type of stakeholders,” says HE Hakima El Haite, Minister Delegate for Environment, Kingdom of Morocco, and High Level Champion for Climate Action.

About COP22

The 22nd Session of the Conference of Parties to the United Nations Framework Convention on Climate Change (COP22) will be held in Marrakech from November 7 to 18, 2016. It will take over the reins from COP21 during which important progress was made by way of the historic Paris Agreement. COP22 will focus on action items in order to achieve the priorities of The Paris Agreement, especially related to adaptation, transparency, technology transfer, mitigation, capacity building and loss and damages.

About the Moroccan Government

The Moroccan Government – the COP22 host - and in particular the Morocco Ministry of Energy, Mines, Water and Environment, have been taking ambitious leaps in implementing solutions for the green economy. From solar plants to wind power, Morocco is heading towards transforming itself into a major global producer of renewable energy.

About World Climate Ltd

World Climate Ltd has, since 2010, established itself as the foremost international platform for solutions to climate change and accelerating the green economy. It works with governments, financiers, and large corporations in creating growth, innovation and solutions for a low-carbon and resource efficient world.
