

READY TO USE PRODUCTS / SIGFOX RANGE

SIGFOX
Sensors

SIGFOX SENSORS

ARF8047PA

SIGFOX transmitter with ANA/DIG Sensor interfaces

RF power : 14dBm (25mW)

Range : up to 10 km

0-10V, 4-20mA & Dry contacts interfaces

Up to 2 sensors per transmitter

Up to 10 years of autonomy on battery

IP67 enclosure

Dedicated Web App

Building Management

Metering Utilities

Smart Industry

Connected Agriculture

Transportation

Smart Infrastructure

SIGFOX
Pulse

SIGFOX PULSE

ARF8048PA

SIGFOX transmitter with pulse interfaces

RF power : 14dBm (25mW)

Range : up to 10km

Radio transmissions of meter data through SIGFOX compliant networks

Up to two meters per transmitter

Up to 10 years of autonomy

IP67 enclosure

Dedicated Web App

Compatibility with Water, Gas, Electricity and Heat meters

Building Management

Metering Utilities

Smart Industry

Connected Agriculture

SIGFOX
Demonstrator

SIGFOX DEMONSTRATOR

ARF8075AA

**Field Testing Device -
Network validation, prior to your solution deployment**

Power : 25mW

Radiated RF power : 14dBm

Range : up to 15 km

Connection to SIGFOX network

1 year access to the network included

GPS / Temperature / Accelerometer sensors

Self-powered and rechargeable

Dedicated Web app

Building Management

Metering Utilities

Smart Industry

Connected Agriculture

Transportation

Smart Infrastructure
