

suspension accessories delivered with the mirror

Mark the suspension point on your wall, drill holes and place the plugs, washers and screws. The washers allow you to slightly adjust the level of the mirror.

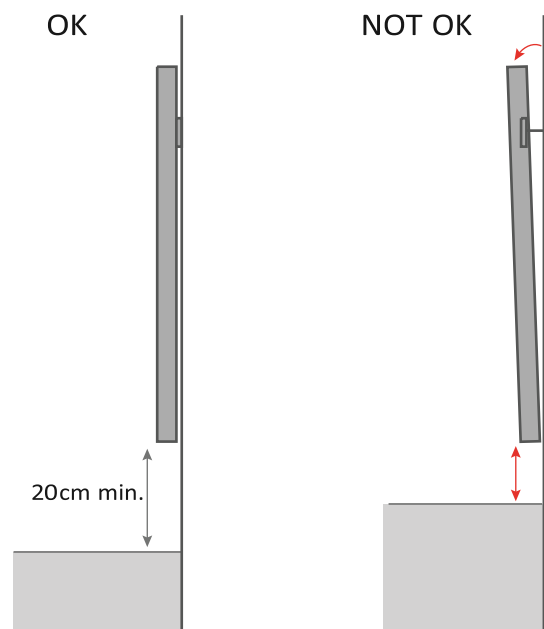

CAUTION

Always turn off the power supply during installation and maintenance.

Hang the mirror at least 20cm above any object (washbasin, tap, cabinet, ..).

Hang the mirror parallel to the wall for optimal functioning of the sensor.

200-240 V

Pmax: 10W

Lamp type: flexible SMD 2835 LEF, lifetime 30000h
